Mission-ready. Field-proven.

FIRE RESCUE | POLICE | EMERGENCY MEDICAL RESPONSE

When disaster strikes, first responders need immediate, reliable, and mission-ready shelter solutions that can be deployed in minutes — ***not days.***

FORTS FOR FIRST RESPONDERS delivers battle-tested mobile shelters built for the harshest conditions, giving firefighters, law enforcement, and emergency medical teams the infrastructure they need to save lives and protect communities—without delay.

fortsusa.com

Here's why first responders choose FORTS...

✔ Rapid Deployment

Fully operational in under an hour with minimal manpower.

✔ Unmatched Durability

Storm-rated, weatherproof construction built to withstand hurricanes, extreme temperatures, and high winds.

✔ Tech-Enabled & Mission-Ready

Pre-wired for communications, IT infrastructure, and integrated power solutions.

✔ Scalable & Modular

Configurable designs expand seamlessly to support multi-agency coordination and large-scale incidents.

✔ Cost-Effective & Efficient

No lost time, no expensive construction, no logistical headaches—just mission-critical readiness.

✔ Portable & Airlift-Ready

Easily transported via trucks, trailers, or helicopters for immediate disaster response.

APPLICATIONS OF FORTS SHELTERS

FIRE RESCUE

Rapidly Deployable Mobile Shelters for Fire Departments

SHORT TERM & LONG TERM RENTAL

THE PERMANENT SOLUTION TO YOUR SHORT-TERM NEEDS
FORTS

Built for the Frontlines of Emergency Response

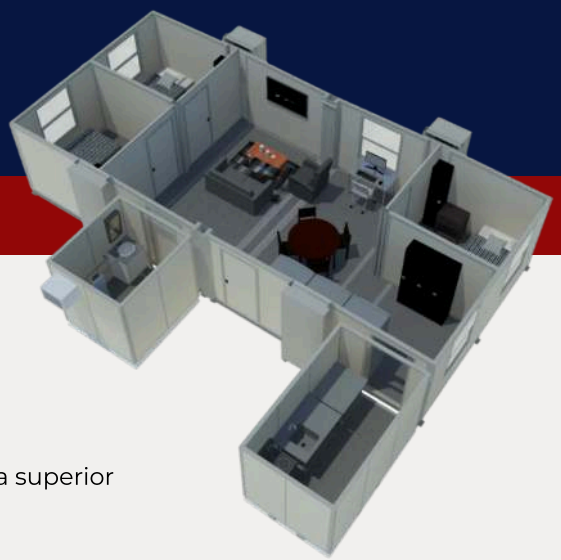

When firefighters push themselves to the limit, they need a space to recover, plan, and execute their mission. FORTS shelters provide a climate-controlled, insulated, and rapidly deployable solution for fire departments responding to wildfires, hazardous materials incidents, and structural collapses.

APPLICATIONS : Command Center | Rehab & Recovery | Decontamination & Hazmat Response

Short-Term Fire Station Unit

Maintain service continuity during transition periods, providing a superior alternative to traditional portable buildings or mobile homes.

3-BED | 4-BED | 8-BED and 10-BED FIREHOUSE UNITS AVAILABLE

Mobile Command Center Unit

Mobilize to any location experiencing a fire, disaster, or emergency and ensure that command operations continue seamlessly.

TEMPORARY FIRE STATION
SLEEPING QUARTERS
COMMAND CENTER
DECONTAMINATION
GEAR STORAGE

APPLICATIONS OF FORTS SHELTERS

LAW ENFORCEMENT

Rapidly Deployable Mobile Shelters for Police Departments

SHORT TERM & LONG TERM RENTAL

Mission-Critical Support for Law Enforcement Operations

When public safety is on the line, law enforcement agencies require mobile command and control solutions that ensure operational readiness. FORTS shelters provide secure, tech-enabled environments for SWAT teams, riot control, disaster response, and large-scale event management.

APPLICATIONS : Command Center | SWAT & Tactical | Public Safety | Surveillance & Evidence Processing

Mobile Command Center

During large-scale emergencies such as natural disasters, active shooter incidents, or major public events, law enforcement requires a rapidly deployable command post.

FORTS units can be set up quickly as mobile command centers, providing law enforcement with a secure, climate-controlled space equipped with communication technology, satellite uplinks, and operational planning tools. This ensures seamless coordination with other emergency agencies.

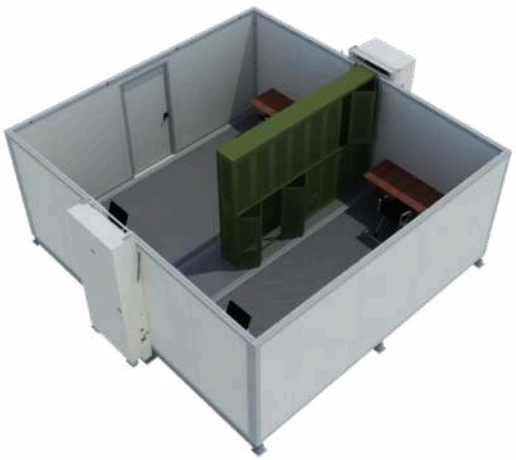

Temporary Holding & Processing Stations

At large public gatherings (sports events, protests, concerts, or disaster zones), law enforcement often needs a secure, temporary holding or field processing area for detainees.

FORTS units can be set up quickly as mobile command centers, providing law enforcement with a secure, climate-controlled space equipped with communication technology, satellite uplinks, and operational planning tools. This ensures seamless coordination with other emergency agencies.

APPLICATIONS OF FORTS SHELTERS

EMERGENCY RESPONSE

Rapidly Deployable Mobile Shelters for Emergency Medical Response

SHORT TERM & LONG TERM RENTAL

Field-Ready Solutions for Life-Saving Medical Care

In disasters and mass casualty events, medical teams require rapidly deployable facilities that function as triage centers, mobile clinics, and emergency field hospitals.

FORTS shelters deliver hospital-grade insulation, climate-controlled environments, and seamless integration for medical equipment—ensuring life-saving care on the front lines.

APPLICATIONS : Disaster Triage | Mass Casualty Response | Emergency Field Hospitals | Surveillance & Evidence Processing | Decontamination & Patient Isolation Units | Long-Term Recovery Stations

Disaster Triage & Mass Casualty Response

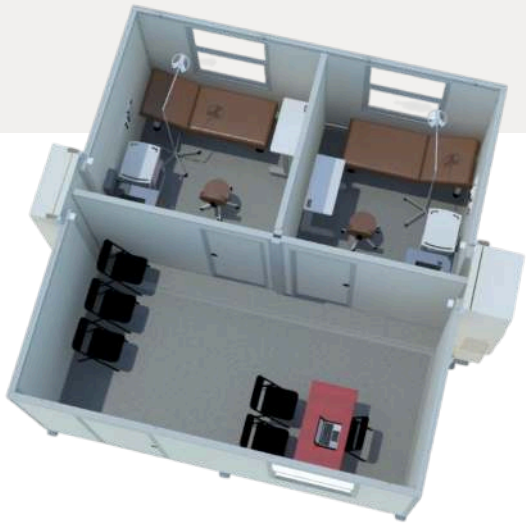

Mobile emergency centers for rapid patient assessment and treatment.

Emergency Field Hospitals

Scalable medical units with power, oxygen, and medical-grade climate control

Decontamination & Patient Isolation Units

Enclosed, sanitized environments for biohazard containment

FORTS Shelters are not just temporary structures . . .

... they are lifelines for first responders in the most demanding conditions. Trusted by fire departments, law enforcement agencies, emergency medical teams, and government response units nationwide, FORTS provides the strength, efficiency, and reliability that emergency professionals depend on.
