FORTS®

TEMPORARY FIRE STATION

The Permanent Solution to Your Temporary Needs

PROUDLY MADE IN AMERICA

About Us

At FORTS, we are dedicated to supporting the fire service's unwavering commitment to community safety by addressing a critical need: providing high-quality, temporary facilities that do not compromise firefighters' effectiveness during station renovations, new construction, or emergency situations.

With a profound understanding of the unique challenges faced by fire departments. We envisioned more than just a temporary shelter, we aimed to create a true "home away from home" for our nation's bravest. This vision led to the development of innovative, customizable units that maintain high standards of service continuity without sacrificing comfort and functionality.

FORTS (Fold-Out Rigid Temporary Solution)

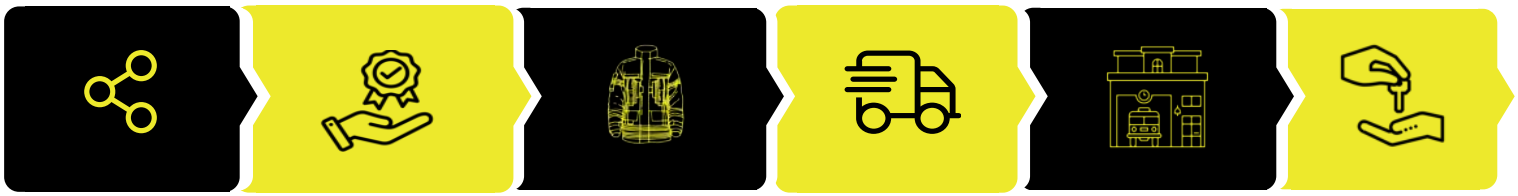

A rapidly deployable, durable and highly energy-efficient fold-open shelters which are ideal for a variety of applications around the globe. They are made from light-yet-durable insulated aluminum panels providing unmatched storm resistance and thermal efficiency.

In the heat of emergency situations, every second counts.

That's why FORTS Temporary Fire Stations are engineered for speed, ensuring no operational time is lost when it matters most. From concept to completion, our innovative structures are designed to seamlessly integrate into your firefighting operations, providing an instant hub for critical response.

Comfort meets functionality within our temporary fire stations.

Clean, insulated interiors offer a sanctuary amidst chaos, providing a space where firefighters can recharge and strategize effectively. With full customization options available, every aspect of the station can be tailored to suit your specific needs, ensuring optimal efficiency and comfort for your company.

Durability is at the core of FORTS' design mission.

Built to withstand the toughest conditions, our structures are engineered to stand the test of time, providing a reliable long-term solution for your firefighting needs. Whether facing extreme weather or high-impact usage, FORTS Temporary Fire Stations always remain ready to serve at a moment's notice.
